

Instructions of intelligent falsies

Model: BP

Brand:  **private beauty**

Brief Product Introduction

----Brief introduction of intelligent falsies

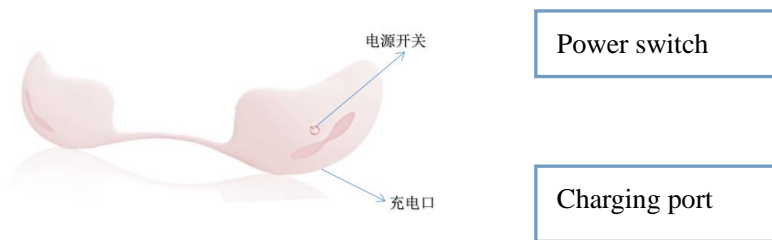

intelligent falsies realizes intelligent control with a mobile phone APP operation by connecting with mobile phone APP, utilizing phototherapy function of frequency conversion and microseism, and integrating the professional courses of "physiotherapy for a healthy breasts", "breasts enhancement care" and "breasts shaping" in APP, which has developed a comprehensive new area for intelligent breasts beauty.

----Function of intelligent falsies

By microwave vibration, it accelerates cell metabolism of breasts, activates the sleeping cells, and has the breasts cells recovered active status. Besides, it increases the elasticity of ligament cells, shapes the breasts and reveals a healthy and charming posture.

Physiotherapy to the breasts is conducted with red light, yellow light, blue light and other different colors, which is for the increase of metabolism and circulation of breasts cells, for valid activation of adipose cells, for stimulation of the generation of collagen, and for shaping of perfect breasts. Phototherapy has very strong penetrability, which can directly reach to corium layer, can rejuvenate the aging cells, and can have the breasts persistently maintained in a healthy states.
